

wherein the member is movable on the rod.

[Please replace current claim 14 with the following:]

B¹
2026
14. The apparatus of claim 12, wherein the fixture further includes a medial-to-lateral slide to which the reference guide attaches, enabling either condyle or the trochlear region to be used as a reference for subsequent resection.

Please add new claim 16 as follows:

B²
16. The apparatus of claim 12, wherein the cutting guide is movable relative to the member.
